

XXII Assemblea Nazionale MaNGO

Standard treatments and new directions in gynaecological cancers

Milano – Istituto Mario Negri

26-27-28 June 2025

Responsabili Scientifici: Nicoletta Colombo (Milano); Francesco Raspagliesi (Milano)

Segreteria Scientifica: Elena Biagioli (Milano); Mara Mantiero (Milano); Elisa Piovano (Torino); Federica Tomao (Roma)

Evento RES con accreditamento ECM nazionale - Partecipanti Previsti: 100

Figure accreditate: Biologi e Medici specialisti in Oncologia, Ginecologia e Ostetricia, Chirurgia Generale, Anatomia Patologica, Radioterapia, Radiodiagnostica, Medici di famiglia, Infermieri

RAZIONALE:

Al centro dell'incontro ci saranno le neoplasie ginecologiche, i trattamenti attualmente disponibili per queste malattie tumorali, gli studi in corso e le questioni aperte. Nel corso delle tre giornate di lavoro, verranno illustrati e discussi alcuni argomenti dibattuti nella più recente letteratura scientifica sui tumori ginecologici, e si darà un ampio spazio alla discussione non solo delle terapie disponibili, ma anche degli studi clinici in attivazione a livello europeo. Il programma dell'evento prevede inoltre una sezione, per ciascuna patologia ginecologica, per discutere le domande aperte e nuovi possibili studi da implementare, nell'ottica di migliorare la cura delle pazienti affette da queste neoplasie. Ci saranno inoltre ampi spazi per il confronto, lo scambio di informazioni ed esperienze tra clinici esperti, metodologi, scienziati e giovani clinici, nell'ottica di collaborare e fare networking per migliorare la pratica clinica quotidiana.

PROGRAMMA PRELIMINARE:

June 26th, 2025

15:30-16:00 Registration and welcome coffee

16:00-16:15 Welcome and Introduction
Maurizio D'Incalci – MaNGO president, Nicoletta Colombo, Francesco Raspagliesi

16:15-17:00 Quality of Life in Gynaecological Cancers: Round table with patients' advocacies
Roberta Massobrio, Maria Cristina Petrella, Associazioni pazienti

17:00-17:30 Liquid biopsy in gynecological oncology *Maurizio D'Incalci (Milano)*

NO ECM GSK Sponsored Symposium

17:30-18:30 **The new therapeutic algorithm for Endometrial Cancer**

Chairs: Nicoletta Colombo, Francesco Raspagliesi, Maurizio D'Incalci

17:30-17:50 The new therapeutic algorithm *Nicoletta Colombo (Milano)*

17:50-18:05 Clinical case 1 *Giulia Tasca (Padova)*

18:05-18:20 Clinical case 2 *Germana Tognon (Brescia)*

18:20-18:30 Discussion

June 27th, 2025

08:30-09:00 **Welcome at the Mario Negri Institute**

Giuseppe Remuzzi (Institute Director), Elena Biagioli (Milano), Roldano Fossati (Milano)

Session 1 Endometrial cancer

Chairs: Alessandro Buda (Verduno-CN), Andrea De Censi (Genova), Germana Tognon (Brescia)

09:00-10:40 New endometrial cancer guidelines ESGO/ESTRO/ESP 2025:

09:00-9:20 Surgeon perspective

Alessia Aloisi (Milano)

09:20-9:40 Medical perspective

Angelica Sikokis (Parma)

09:40-10:00 Discussion

10:00-10:30 Improving outcomes in non-MMRd disease

Speaker: *Annamaria Ferrero (Torino)*

Discussant: *Nicoletta Colombo (Milano)*

10:30-10:50 *Coffee break*

Session 2 Endometrial cancer studies

Chairs: Elena Biagioli (Milano), Elisa Piovano (Torino), Giulia Tasca (Padova)

10:50-10:55 Short summary on ongoing MaNGO-ENGOT studies

Elisa Piovano (Torino)

10:55-11:15 Opening studies in EC first line (MaNGO-ENGOT)

Alessandra Bologna (Reggio Emilia)

11:15-11:35 Opening studies in EC at relapse (MaNGO-ENGOT)

Stefania Cosio (Pisa)

11:35-12:35 New ideas/proposals (max 2-3 proposals) and discussion

Session 3 Cervical cancer

Chairs: Fabio Ghezzi (Varese), Dionyssios Katsaros (Torino), Roberto Tozzi (Padova)

12:35-12:55 Immunotherapy and new drugs in advanced cervical cancer

Federica Tomao (Roma)

12:55-13:15 Critical analysis on surgical indications

Giorgio Bogani (Milano)

13:15-13:30 Discussion

13:30-14:30 *Lunch*

Session 4 Cervix cancer studies

Chairs: Paolo Zola (Torino), Mara Mantiero (Milano), Roldano Fossati (Milano)

14:30-14:35 Short summary on ongoing MaNGO-ENGOT studies

Mara Mantiero (Milano)

14:35-14:55 Opening studies in cervical cancer (MaNGO-ENGOT)

Stefania Canova (Monza-MB)

14:55-15:55 New ideas/proposals (max 2-3 proposals) and discussion

15:55-16:15 *Coffee break*

Session 5 Rare tumors / Miscellaneous

Chairs: Lorenzo Ceppi (Milano), Angiolo Gadducci (Pisa)

16:15-16:30 Oncological hadron therapy for complicated challenges

Amelia Barcellini (Pavia)

16:30-16:45 Hadron therapy: Clinical cases

Roberta Lazzari (Milano)

16:45-17:05 Short summary on ongoing MaNGO-ENGOT studies

Lorenzo Ceppi (Milano)

17:05-17:40 Surgery studies under activation

TBD

17:40-18:30 Ongoing, opening studies and new ideas/proposals (max 2-3 proposals) and discussion

June 28th, 2025

Session 6 Ovarian cancer studies

Chairs: Roldano Fossati (Milano), Francesco Raspagliesi (Milano), Federica Tomao (Roma)

08:30-08:35	Short summary on ongoing MaNGO-ENGOT studies	<i>Elena Biagioli (Milano)</i>
08:35-08:55	Opening studies in OC at first line (MaNGO-ENGOT)	<i>Antonio Ardizzoia (Lecco)</i>
08:55-08:15	Opening studies in OC at relapse (MaNGO-ENGOT)	<i>Gemma Rossi (Firenze)</i>
09:15-10:00	New ideas/proposals (max 2-3 proposals) and discussion	

Session 7 Ovarian Cancer surgery

Chairs: Giovanni Aletti (Milano), Andrea Lissoni (Monza), Francesco Raspagliesi (Milano)

10:00-10:20	TRUST Results (Upfront vs Interval debulking surgery: still a debate)	<i>Francesco Multinu (Milano)</i>
10:20-10:40	Discussion	

10:40-11:00 Coffee break

NO ECM AstraZeneca - MSD Sponsored Symposium Tailoring the treatment in ovarian cancer

11:00-11:20	The updated maintenance treatment algorithm	<i>Nicoletta Colombo (Milano)</i>
11:20-11:40	Clinical case and discussion	<i>Maria Cristina Petrella (Firenze)</i>
11:40-12:00	Round table: HRD status, long-term survival data	<i>Nicoletta Colombo, Maria Cristina Petrella, Federica Tomao</i>

NO ECM Pharma& Sponsored Lecture

Rucaparib, a new option in first line maintenance treatment: peculiarity of drug and indications

3 clinical cases: BRCA+, HRD+, HRD-BRCawt

Speaker **TBD**

Discussants Nicoletta Colombo, Francesco Raspagliesi

NO ECM AbbVie Sponsored Symposium

New Approches in Platinum Resistant Ovarian Cancer: the ADC's innovation

Chairs: Nicoletta Colombo (Milano), Francesco Raspagliesi (Milano)

12:30-12:50	The therapeutic algorithm of recurrent disease: how ADCs could change clinical practice?	<i>Ilaria Colombo</i>
12:50-13:05	Biomarker testing in advanced OC: the pathologist's role	<i>Elena Guerrini Rocco (Milano)</i>
13:05-13:15	Clinical case	<i>Mara Mantiero (Milano)</i>
13:15-13:30	ADC-related ocular adverse event: correct management	<i>Alessandro Lambiase (Roma)</i>

13:30 Final remarks and conclusions

Nicoletta Colombo (Milano), Francesco Raspagliesi (Milano)

13:40 Lunch
